

Toter®

BUILT FOR EXTREMES

HARDHEAD BOX

HARDHEAD BOX

Finally. A lightweight job box that's not a lightweight on the job. Meet the Toter Hardhead Box, your ultimate jobsite companion. The Hardhead Box provides versatile, secure storage for your most valuable tools and equipment. Our keyed locking system and double walled lid with weather-resistant seal provide maximum protection for your gear. With our well-earned reputation for products that are "built for extremes," durability is in our DNA. Built with Advanced Rotational Molding™, the Hardhead Box is half the weight of similar-sized metal job boxes for easier maneuverability. But don't underestimate it. The Hardhead Box is no lightweight when it comes to hauling your most important gear. It holds nearly 8x its weight with a load rating of 400 lbs. So go ahead - abuse it. We can take it.

Features & Benefits:

Extreme Purpose

- Strong double-walled lid provides two layers of security
- Four padlock locations in each corner of the lid
- Tough built-in keyed lock
- Secure metal latches, hinges and end plates
- Weighs roughly half as much as metal boxes
